

## GERALD THOMPSON PEORIA MURDERER IS ELECTROCUTED

### PAYS EXTREME PENALTY FOR KILLING GIRL

Makes Brief Statement  
As He Walks To  
Chair

John, Ill., Oct. 14.—(AP)—(Tuesday) Perforated by a newly embraced religion, Gerald Thompson, 29, was electrocuted in the old Joliet prison early today for the first-time murder of pretty Mildred Hallmark, 19-year-old Peoria, Ill., catnip girl.

His executioners strapped him into the chair at 12:15 A. M. Central standard time and prison authorities officially turned him dead one minute and 40 seconds later.

Two priests of the Catholic faith comforted him in his last moments before he went to the electric chair, where among the witnesses sat John Hallmark, father of the slain girl.

The doomed man's last words, as relayed by his guards, were: "I hold no malice toward anybody, forgive everybody. I'm sorry for all my sins and may God have mercy on my soul and accept me."

In addition to the priest's counsel, Thompson was bolstered at the end by a letter from a young woman in Peoria who had stood staunchly by him. This missive, which Thompson turned over to his mother as she left him, assured him to be "sane and true in God."

Hallmark, whose daughter was found dead in Peoria cemetery after having accepted Thompson's offer to drive her home the night of June 17, said after the execution:

"The family is satisfied. We would have taken nothing less."

Guards said Thompson remained calm all yesterday—even while he ordered his last meal of fried chicken and his brand of beer. Among his final visitors were his brother, Victor, committed to Joliet penitentiary for a sex crime, his mother and stepfather, and his grandparents, Mr. and Mrs. George Thompson.

He conversed with him for much of the afternoon and until about 9 o'clock last night. Separated from the doomed man by a fine mesh screen, the screen was ordered by Joseph Ragen, acting warden of the prison, who fell back to the execution tank with the resignation of Warden Frank D. Whipp, whose retirement became official at midnight. Ragen said the screen would be employed to prevent doctored men from receiving instruments with which they might effect self destruction.

Three guards pulled the switches outside the death chamber and were known which led Thompson to his doom. Thompson's electrocution was the ninth on record in the prison.

Thompson's last hour confidants were the Rev. Eugene Weir, Catholic chaplain at the prison, and the Rev. M. P. Sammon, of Peoria. Thompson thanked Father Sammon to receive the \$16.20 which he had left in his prison fund.

A statement which Thompson gave from his cell began with "Father to thee I offer my soul." And then said how his reading of the bible and two books by Catholic writers changed his viewpoint.

## BUTCHER HELD ON CHARGE OF KILLING THREE

Widow; Farm Couple  
Brutally Slain; Two  
Others Wounded

Salt Lake City, Oct. 14.—(AP)—A badly-hurt butcher, George L. Ratzke, was held today on charges of killing three people and wounding two others in a shooting spree near his home in the town of Ratzke, Utah.

"I don't remember," the 31-year-old suspect replied repeatedly to questions regarding the triple slayings near East Mountain, Utah, eight miles north of here last night, and the wounding of two others during a wild motor car fight.

Police Chief William L. Payne announced he had an "open light case." He asserted that bullets found in the bodies of the widow, Mrs. Blanche Nelson, 46, the farmer, John Loren East, 42, and his wife, Mrs. Alice East, 38, were fired from a pistol taken from Ratzke after he staggered out of a resort near here into the hands of arresting officers.

"He admitted everything except the actual slaying," said Chief Payne. At Farmington, Sheriff Joseph Holbrook said a first degree murder charge would be filed as soon as County Attorney Orlando Bowman can draw it up.

The slayings became known when the body of Mrs. Nelson, mother of three children, was found near a roadside, shot and beaten.

Nearby, fallen from a motor car was the body of Mrs. East, and East's own body, likewise bullet-riddled, was in a field.

The Easts were parents of two children. Soon after the three were slain, two motorists, George Reich and O. L. Squires, both of Salt Lake City, were shot as they drove their cars along the highway.

## Manchoukuoan Patrols Clash With Russians

Incident However Is Not Regarded As Threat Of War

Moscow, Oct. 14.—(AP)—A week-end clash between Russian and Manchoukuoan frontier patrols was called in Soviet frontier today the most serious incident in a long series, but was not regarded as a threat of war.

No answer had been received here to a strong protest made in Tokyo by the Russian Ambassador. Until it has been received, the official press withheld comment.

A Tokyo dispatch said Japan replied by asserting the border should be more plainly marked. Koki Hirota, foreign minister, urged delimitation of the frontier on the ground its ambiguity was responsible for numerous incidents.

In Russian circles the assertion was made that Saturday's clash resulted from provocative tactics of Japanese army officers. They said a Japanese military clique was trying to fan friction with Russia so that large armed forces would be kept in Manchoukuo.

Foreign observers expressed belief Soviet officials would go a long way to prevent a war in the East, pointing to renewed proposals for the creation of a mixed commission to investigate incidents on the spot.

Russia has a large army in the far East and some observers said that Japan, which has not consolidated her position in China, was not ready for war against Moscow.

## WALLACE RAPS TARIFF; FAVORS PROCESSING TAX

Secretary Declares  
Both Are Full Of  
"Peril"

Washington, Oct. 14.—(AP)—Asserting that both processing taxes and tariffs are "full of peril," Secretary Wallace tonight contended that such levies would be necessary until high tariff groups are compelled to "behave" as the nation's "creditor position requires."

The agriculture secretary's attack on high tariffs and defensive explanation of the processing levies was delivered over the national radio forum of the Washington Evening Star. He spoke just a few hours after the supreme court agreed to test the constitutionality of these taxes.

At about the same time, the AAA released a monthly report showing that "as a result of court action" processing tax collections dropped to \$15,394,401 in July, 1935, compared to a total of \$30,929,251 in June and \$42,612,496 in July, 1934.

The AAA reported expenditures in July of \$35,516,328 from available funds of \$177,416,333 carried forward from June.

Wallace argued that "unless the high tariff groups can be persuaded to identify themselves more clearly with the interests of the consumer, the advantages of our position as a creditor nation may well be lost."

"Agriculture was compelled to develop a mechanism of this sort," he said, referring to the AAA, "because others in more powerful economic groups had perverted our tariff policy far from its original course."

"I suppose there never has been a tariff as effective as the Hawley-Smoot tariff was in inciting other countries to retaliatory measures that barred out American exports."

Wallace said the consumer would be the chief victim should the United States' position of creditor nation be lost.

## Frank D. Whipp's Long Service To State Has Ended

Resignation Timed To Avoid  
Part In Electrocuting Of  
Gerald Thompson

Joliet, Ill., Oct. 14.—(AP)—His resignation timed to avoid official participation in an electrocution, Col. Frank D. Whipp left Joliet prison today, warden no longer. Nearly 50 years of service to the state of Illinois had come to an end.

Executions always had affected Whipp, though he was in no sense a "ready" of the prison inmates under his control. In a recent interview he said:

"I don't believe in involuntary prison administration. It's kind, but too harsh; however, some prisoners should be locked up for life."

Tonight's execution, that of Gerald Thompson, 26-year-old Peoria sex slayer, will be handled by Joseph Ragen, state prison superintendent and acting warden at Joliet.

The retiring warden announced he intended to go to his old home in Springfield, there to pack up some of his possessions for transfer to his farm at Huntley, Ill. His permanent home, he said, would be in Springfield.

Whipp first entered the service of the state during the administration of Governor John R. Tanner, in 1897. Succeeding officials, regardless of politics, retained his services. Although known most extensively for his work in the department of public welfare, Whipp also served in other capacities. Among others, he was messenger, bookkeeper, auditor and clerk in various departments. In addition, the welfare department used him as managing officer for the State School for the Deaf at Jacksonville, manager of the St. Charles Reform School, superintendent of the Pontiac reformatory, state prison superintendent in addition to executive positions in the department itself.

He took over the Joliet warden's post about three years ago.

## Pickets, Peace Officers Clash

Kewanee, Ill., Oct. 14.—(AP)—Pickets and peace officers clashed today at the plant of the Bass Manufacturing Company, closed in the course of a strike which began nine weeks ago.

A crowd estimated by deputy sheriffs at 500 broke at least a hundred small glass panes in the building with stones when a report spread that the company had installed four foremen in the factory to reconduct business. The firm is a large manufacturer of gloves.

Sheriff Charles Nash of Henry county ordered a gas bomb thrown to beat back the demonstrators. Officers W. J. Haygen of Kewanee was struck by a brickbat and a number of other officers were less painfully bruised.

"Sniping" at the windows continued after nightfall when a report persisted that the foremen were still inside the plant.

## Louise Bauer's Dramatic Story Ends M. W. Zenge's Murder Trial in Chicago

Louise Bauer

Chicago, Oct. 14.—(AP)—Comely Louise Bauer's dramatic story of how she spurned Mandeville W. Zenge brought the state's mutilation murder case against the young Missourian to a close today.

The black garbed young widow of Dr. Walter J. Bauer, the man Zenge is accused of emulating because he won Louise for a bride, burst into tears as she ended her account of the ten-year romance that ended in death for her husband and brought a threat of execution to her co-suitors.

After she had concluded her testimony, unchallenged by the defense, N. Lee Dunham, Maywood, Mo., school teacher who was the final prosecution witness testified that after Louise's marriage to Dr. Bauer Zenge said:

"I could kill that doctor."

Coolly the young woman faced the crowded courtroom and gave her account of Zenge's courtship—they "dated" at parties in Canton and Kirksville, Mo., and attended movies together, she said.

Zenge's lack of eagerness for marriage only caused her to break off their engagement, and accept the 38-year-old college instructor last July 14, she said.

She glanced but once at Zenge as she told the prosecution.

"I have known Mandeville Zenge as long as I can remember—since we were children. We had a mutual understanding that we would be married in 1929 when I graduated from La Grange (Mo.) high school."

"I continued to see him intermittently in 1930 and 1931, and we agreed we would be married at Christmas time of 1932 but he was ill. I had bought some things—china and linen we could have managed with—and I often showed them to him but he seemed a bit indifferent."

"Then in the spring of 1934 I told him we were all off between us, and that if I continued to feel as I did then I could never marry him."

Ten days after her marriage she met Zenge by chance and said his only complaint about the marriage then was that Bauer was "old enough to be your father."

She met Bauer at Kirksville, where she trained as a nurse and became night superintendent of nurses at a hospital connected with the Kirksville College of Osteopathy and surgery, where Bauer taught.

Louise continued to see Zenge, who had been her high school sweetheart, even after she began "dating" Bauer, she told Prosecutor Mal Cochran.

However, she testified that Zenge remarked only, "Well, I wish you luck," when she informed him of her marriage to Dr. Bauer.

Earlier, Zenge was identified by Louise Bauer as the man who had been in Jackson Park hospital on Chicago's South side early on the morning of July 21. He had been abducted at pistol point, he said, by a mysterious "T. S. Jones" who had come to live in the adjoining room of the Jennings house.

Norman Jedicke, chief clerk of the Jennings house, first called and then identified Zenge, as "Jones" who attended his eyes with dark glasses when arriving at Ann Arbor on July 22.

Willie Carrier, garage worker, told of hearing a "short, loud holler" from the vacant lot where the state charges Zenge bound Bauer and then performed the operation, with a penknife.

Attorney Joseph Green for the taciturn, solemn young prisoner, demanded a directed verdict of acquittal claiming the state had failed to show the murder took place in Cook county (Chicago), but was overruled.

Double Gates For Prisons Planned

Springfield, Ill., Oct. 14.—(AP)—Double gates of the heaviest obtainable steel will be installed at all Illinois penal institutions, Public Welfare Director A. L. Bowen said today, to prevent a recurrence of the escape of Basil (The Owl) Bankhart and three other convicts from the Menard branch of the state penitentiary Saturday.

If the present gates are not strong enough to resist escape attempts, we will install stronger ones, Bowen said.

Bankhart and his companion seized a five-ton truck, driving it through two sets of iron gates.

Bankhart is to be transferred to the Joliet penitentiary this week. Bowen expressed the belief that the member of the old Touhy gang had outside help, possibly from his wife, in the escape attempt.

Milk Shipper Injured

Belvidere, Ill., Oct. 14.—(AP)—Emil Bietke, Woodstock, Ill., milk shipper, was under treatment in a hospital here today for internal injuries and a fracture of the right leg suffered in an automobile collision last night near Marengo, Ill.

## HIGH COURT TO MEASURE NEW DEAL PROGRAM

The Constitutionality  
Of Several Laws To  
Be Passed On

Washington, Oct. 14.—(AP)—The supreme court agreed today to measure the New Deal's farm and Tennessee Valley programs by the yardstick of the constitution which already has ruled out NRA.

In mapping a heavy schedule for a potentially historic term the tribunal received simultaneously the unprecedented action of a state attacking a Roosevelt administration law, Georgia, whose Governor Eugene Talmadge is a Roosevelt foe, asked permission to challenge constitutionality of the Bankhead cotton control act.

Chief Justice Hughes said the court would consider Georgia's request. The tribunal agreed last spring to review a Texas case involving the Bankhead cotton ginning tax.

But of more immediate importance to the administration was the high court's formal "consent" by which it agreed to pass on the constitutionality of the AAA's legally-harried processing taxes. Should these taxes be outlawed, President Roosevelt has indicated congress may be asked to levy new taxes to supply the \$500,000,000 estimated necessary to fulfill existing benefit payment contracts.

Involved in the TVA case was governmental sale of surplus power—a keystone of the New Deal's policy of setting up a government standard for measuring private power costs.

Both the AAA and TVA laws were amended at the last session of congress with the intention of bolstering the statutes against constitutional attack.

Special note was taken of the AAA amendments in a motion filed today by the Washburn Crosby company of Kansas City which had obtained a district court judgment for recovering processing taxes paid prior to their enactment last August 24.

Contending it was entitled to a ruling on validity of the basic act, the company said that by limiting the right to bring suit to recover processing taxes, the amendments would work irreparable injury. The district court had held that imposition of the taxes before the amendments became law involved an illegal delegation of legislative authority—grounds on which NRA also was found lacking.

Washington, Oct. 14.—(AP)—Into a world situation drawn tense by East African conflict, Secretary Hull today proposed a hope that all nations soon will forever forsake the barbarous institution of war.

In urging that the countries of North and South America adopt a united stand against war, the Secretary of State chose as the sounding board for his latest peace proclamation the second assembly of the pan American Institute of Geography and history.

"We are determined to keep the peace and we call upon the rest of the world to do likewise," he told delegates and visitors from 21 countries of North and South America.

He referred only indirectly to the Hialeah riot in declaring that "menacing conditions elsewhere constitute a solemn warning to us." Cooperation in commercial and cultural affairs among the pan American nations constitute an object lesson for the world, he added, and it is to be hoped that all nations soon will forever forsake the barbarous institution of war, and that suspicion, mistrust and selfish ambition will be forever banished.

"To the threats of misunderstanding and war let the answer of the Americas be the maintenance of a stalwart community of nations, not one of which either contemplates or fears aggression," Hull said.

Camp Owner Sentenced

East St. Louis, Oct. 14.—(AP)—Frank Kolk, Ramsey, Ill., tourist camp owner, was sentenced to a year in the Chillicothe, O., reformatory today by Federal Judge Fred L. Whinn after pleading guilty to selling alcohol without a proper license.

Kolk, until his arrest recently had been a fugitive since he jumped a \$2,000 bond September 14.

Mate Vuletic, Valer, received a \$500 fine and a five-month sentence in the Franklin County jail on a bootlegging charge.

## MILK PRODUCERS WILL ORGANIZE NEW SALES BODY

Judge E. D. Shurtleff  
May Be Head Of  
Organization

Chicago, Oct. 14.—(AP)—The move to set up a new sales agency for striking dairy farmers in the Chicago milk shed went forward rapidly today.

A strike committee announced after a conference in Woodstock that an organization, meeting today, would be held tomorrow night in Elgin to give producers who desire to market their milk outside the Pure Milk Association an opportunity to join the new co-operative.

Circuit Judge Edward D. Shurtleff of Marengo, Ill., who conferred with the committee, said he planned to attend the Elgin parley.

The strikers have incorporated a combine known as the Union Producers. They hope it will supplant the Pure Milk Association, the sales agency for 16,000 farmers in Illinois, Wisconsin and Indiana.

Judge Shurtleff disclosed he would consider heading the Union Producers organization if it gained control of the milk supply.

Striking dairy men placed an embargo on their shipments 15 days ago with two objectives in mind. They sought to protect PMA management and gain a price of \$2.55 a hundredweight. The PMA, obtaining a top of \$1.75 for its members, has opposed the strike.

PMA officials estimated its members forwarded 85 per cent of their normal milk shipments today and asserted all but two of the 88 receiving stations in the shed would be opened by tomorrow. They pointed to the reopening of depots in such scenes of controversy as Harvard, Woodstock and Capron as an indication the strike was losing favor.

The Chicago health department placed deliveries at approximately 65 per cent of the average, and reported all but ten receiving stations were operating.

Vandalism cropped out again in Lake County where pickets spilled milk from three trucks.

## RIVAL GROUPS OF AFL HAVE MADE PEACE

Building Trades To  
Refer Issue To  
Board

Atlantic City, N. J., Oct. 14.—(AP)—After a year of bitter factional strife, two rival groups of American Federation of Labor building trades unions shook hands and made peace tonight.

They agreed to refer their issues to a board of three members from each side, with a neutral chairman. This board is to work out a plan for reorganization of the federation's building trades department, to be submitted to a new department convention for approval.

The end of one of the federation's two big family feuds—for the time being, at least—pushed the convention spotlight to the other, the scrap between craft and industrial unionists.

By a one-vote margin, the craft unionists took round one in that battle over how workers in mass production industries should be organized.

Before the lead on the organization issue, the convention had voted unanimously for a renewed fight for the 36-hour working week.

It was the federation convention's resolutions committee which voted, 8 to 7, to recommend that the convention reaffirm its present policy that mass production workers should be organized into industrial unions with the protection of the jurisdictional rights of already-established craft unions.

The minority will submit a report to the convention, however, calling for adoption of the following policy recommended in a resolution submitted by about 50 federal unions:

"That the federation 'promote the organization of industrial, national and international unions in the mass production industries. With jurisdiction over all workers employed in their respective industries, irrespective of craft or trade."

In a nutshell, the scrap is over whether one union should be formed in each big industry, or whether the Marxists' Union for instance, should organize all the machine shop workers in all industries.

East St. Louis, Oct. 14.—(AP)—Frank Kolk, Ramsey, Ill., tourist camp owner, was sentenced to a year in the Chillicothe, O., reformatory today by Federal Judge Fred L. Whinn after pleading guilty to selling alcohol without a proper license.

Kolk, until his arrest recently had been a fugitive since he jumped a \$2,000 bond September 14.

Mate Vuletic, Valer, received a \$500 fine and a five-month sentence in the Franklin County jail on a bootlegging charge.

## HOLY WAR IS PROCLAIMED BY SELASSIE

Police Looking  
For Thief Who  
Has Been Stung

Tulsa, Okla., Oct. 14.—(AP)—Police were looking tonight for a thief who has been stung.

Reporting the theft of two boxes of bees, J. W. Broad advised police: "Just look for somebody who's been stung. Those bees are tough cookies. They've been eating honey suckle nectar all summer and that has the same effect on a bee that fresh, raw meat does on a bull dog."

## ENGLAND MEANS WAR MUSSOLINI TELLS H. ALLEN

Il Duce Has Lost Hope  
European Conflict  
Can Be Avoided

By Charles H. Gupitell  
Copyright, 1935, by The Associated Press.

Rome, Oct. 14.—(AP)—Premier Mussolini apparently believes Great Britain means war and seems to have lost hope of avoiding a European conflict, former Senator Henry Allen of Kansas told the Associated Press tonight after an interview with Il Duce.

Allen was relieved for half an hour in audience this afternoon. He said he found Mussolini in excellent spirits, despite the depressing effects of the time of the heavy international threat under which he is proceeding, said the former senator.

"Il Duce impressed me as being probably the calmest ruler in the world today."

"Apparently he regards the die as cast and he has no domestic problem so far as consolidation of his support among the Italian people is concerned."

"He gave me to feel that he does not hope for avoidance of a European war. He continues to assert he will not leave the League of Nations unless military sanctions are employed. Apparently he believes frankly that England means war."

Mussolini also told the former Kansas senator he appreciated America's neutrality in the Italo-Ethiopian hostilities, Allen said.

The interview, which took place in Il Duce's private office, was Allen's second in eight years with the Italian dictator.

## Federal Spending Must Stop, Lewis Douglas Claims

Declares Deficits Are Being  
Financed By Deceptive  
Method

Philadelphia, Oct. 14.—(AP)—Lewis D. Douglas, former director of the budget, warned tonight of a collapse of government credit "if excessive spending continues," and questioned whether the Roosevelt administration's estimates of government income had not been "deliberately overstated."

In a speech for delivery at a meeting sponsored by the Senate of the Republic, he described the administration as "financing deficits" by an "insidious and deceptive method."

One factor in the process, he said, is the government's use of the "so-called profit on gold which it purchases its own obligations whenever they appear to weaken—with which, in other words, it rigs the market in its own securities."

Douglas warned that "at some time if excessive spending is continued the artificial supports must collapse, and with them the credit of the government."

"When this happens we will experience a bankrupt banking system, for it now holds approximately 90 per cent of the government debt, a bankrupt federal reserve system, for it now holds almost two and one-half billions of government obligations. We will have a great mass of unemployed, and no government credit on which they can sustain."

Douglas, who quit his budget post earlier in the Roosevelt administration, said the revised budget estimates for the fiscal year 1936, published September 30, have been referred to an evidence of a change in policy from one of deliberate spending to one of bringing the budget into balance. The speaker said he did not find a "scintilla of evidence to indicate a change of policy."

Mr. and Mrs. Joseph Myers were among visitors in the city yesterday from Springfield.

## AKSUM MUST BE RECAPTURED HE TELLS BISHOP

Emperor Weeps When  
He Learns City Has  
Fallen

By James A. Mills  
(Copyright, 1935, by The Associated Press.)

Addis Ababa, Oct. 14.—(AP)—Emperor Haile Selassie wept today when he heard that the Holy City of Aksum had fallen into the hands of the Italian armies, and summoning his bishop, told him a holy war must be proclaimed to retrieve it.

He declared the greatest army ever organized in Ethiopia must be raised to recapture the sacred city, which to his people is like Mecca to the Mohammedans.

Deeply moved, the bishop joined in the emperor's tears and promised to flash the news of Aksum's capture throughout the land, urging the churches to arouse the nation to a supreme effort to regain the empire's ancient capital.

"The conquering lion of Judah" received the news of the bloodless fall of Aksum from the Associated Press correspondent as observers predicted the first major battle of the war with Italy would come on another front—from the expected clash of 160,000 Ethiopian warriors under Selassie's son-in-law and an Italian force in the southeast led by Gen. Rodolfo Graziani.

At the same time, it was thought certain the fall of Aksum would inject a greater element of religious fervor into the struggle with the armies of Il Duce.

Laying his plans to fight on either front, Selassie today designated Addis Ababa as general headquarters for his armies of a million warriors.

The southern Italian army, under Graziani, governor of Italian Somaliland, headed toward Harar, capital of Harar province, on the way into the center of Ethiopia, was expected to be attacked from the flank by the forces of Ras Dosta Demei, who are estimated to outnumber the Italians by nearly 15 to one.

Ras Dosta Demei, pushing his men in forced marches, had left his position near the Webbe Shiebel River, and planned if possible to join forces with the Boer Colonel Swank, owner of land just inside the border of Italian Somaliland, who has thrown his 80,000 irregular soldiers to the Ethiopian cause.

**Louisiana "Banquet"**  
You've all heard of the "Louisiana  
Hayride." Well the WPA thought it  
was being taken for one recently  
when a project came thru calling for  
money for a "banquet." Feeling it  
could hardly afford to spend money  
for a dinner, no matter how worthy  
the cause, the Washington office blue-  
pencilled the project.

But an engineer who knew some-  
thing of words and their meanings,  
sent for a dictionary. He found that  
"banquet" meant "a bank running along  
the inside of a parapet, the footway  
of a bridge when raised above the  
carriage-way; a sidewalk." Inquiry de-  
veloped that this was the sort of  
"banquet" the folks down Louisiana  
way wanted.

Hereafter the WPA staff will keep  
in touch with Noah Webster, but they  
wish folks would quit using obsolete  
words and say what they mean. Now  
if Huey Long were still expressing the  
wishes of the people of Louisiana,  
everybody would know exactly what  
was meant. He always spoke his  
mind in plain language.

An American is a chap who will use  
up a couple of gallons hunting for a  
place where gas is half a cent cheaper.

**Receiving a Church**  
The First Methodist church at  
Paragould, Ark., is in the hands of a  
receiver for holders of \$50,000 worth of  
bonded indebtedness on the building.  
Rather than pay rent on the structure,  
the church surrendered the keys and  
moved out. Perhaps the church is in  
no position to pay rent, to say nothing  
of paying off the debt.

The depression hit church activities  
hard, just how hard perhaps only the  
members of official boards and min-  
isters whose salaries have been cut  
really know. The job of handling  
church finances during the last five  
years has caused many a treasurer  
and finance chairman to toss thru  
sleepless nights.

During the "boom" period many  
churches followed the example of  
more worldly enterprises; they built  
big plants and incurred debts. In the  
usual course of business such debts  
have to be paid and religion does not  
protect debtors. At the same time  
people who found their incomes re-  
duced cut their church contributions.  
The results have been financially  
painful to many a good cause.

Maybe the combination isn't much  
as a political ally, but some persons  
believe that a horse and buggy might  
help to keep the younger Roosevelts  
out of the headlines.

**The Philippine Junket**  
Seventeen U. S. Senators and 27  
Representatives will sail this week  
from Seattle, Wash., for the Philip-  
pine Islands to witness the birth of a  
nation Nov. 15. They will attend the  
inauguration of Manuel Quezon, first  
President of the Philippine Republic.  
They will also visit in Japan.

Thus the granting of Philippine in-  
dependence has furnished a nice vaca-  
tion trip for hard-working Con-  
gressmen, with all expenses paid. A  
visit to Japan will serve to remind that  
nation that the islands will soon be  
afloat and alone, ready to be assim-  
ilated by Japan whenever the time is  
ripe.

But when the little nation en-  
counters the storms of its new career,  
both economic and diplomatic, all the  
Congressmen will be back home and  
safe from all harm. The situation may  
worry Uncle Sam a little, especially if  
the crisis comes within the ten-year  
period he is giving himself to get clear  
of the islands. But it will worry the  
British a lot more when they see  
Japan getting her hands on another  
link in the chain of islands stretching  
toward Australia and along the coast of  
Asia.

If the colleges continue to get more  
and more thickly, pretty soon an  
amateur won't be able to make a  
decent living in any sport.

# Reminiscences, Addresses By Former Pastors, Music, Pageant Make Up Program

In a series of special services that continued all day Sun-  
day and attracted large audiences, Westminster Presbyterian  
church celebrated the 75th anniversary of its founding. The  
observance was replete with reminiscences and the relating  
of historical facts, and brought also a challenge to the church  
of a brighter future. The celebration closed Sunday night  
with a historical pageant given by the young people.

The outstanding events of the day  
were the anniversary sermon delivered  
Sunday morning by Dr. Charles M.  
Brown of Perryburg, O., pastor of the  
church when the present building was  
erected in 1899-1900, and the address  
at the community celebration in the  
afternoon, given by Dr. Edward Bryan  
Landis of Gary, Ind., who was pastor  
of Westminster during the World War  
period.

**Presents Church History**  
An outstanding feature of the after-  
noon service was the presentation of  
Westminster church history by Miss  
Margaret Moore. In preparing the  
paper Miss Moore drew material from  
two principal sources: an article pre-  
pared by Dr. S. M. Morton, former pas-  
tor of the church, in July, 1876, and a  
history of the church written by Mrs.  
Ensley Moore fifty years later.

The organization meeting of West-  
minster church was held on May 13,  
1860, in the local Congregational  
church. There were 45 charter mem-  
bers at the organization, of whom 25  
came from the First Presbyterian  
church of this city. The first business  
was the erection of a church building  
on the site of the present structure,  
which the membership had already  
purchased.

The congregation dedicated the first  
building, a brick church that faced  
Westminster street, in the fall of 1860.  
The dedicatory sermon was delivered  
by Rev. George I. King of Quincy,  
and a hymn composed by Dr. Henry  
Jones, one of the charter members,  
was sung during the services. The first  
pastor was Rev. D. H. Hamilton, who  
served the church twelve years. Dur-  
ing that period men and women of the  
church did their part in helping the  
Union cause in the Civil war.

**Activities Multiply**  
In 1872 Dr. Hamilton was succeeded  
to the pastorate by Dr. H. V. D. Nevins,  
who served two years and was followed  
in 1874 by Dr. S. M. Morton, who had  
a pastorate of fifteen years. It was  
during his administration that the  
church activities multiplied and grew  
in importance. The women's and  
young people's societies were formed.  
The membership grew and the build-  
ing was enlarged to accommodate it.  
The missionary society was organized,  
first as a union movement among the  
three Presbyterian churches, but after  
a year or so the group was split into  
the three church societies.

Dr. Morton was succeeded by David  
S. Schaaf, son of Dr. Philip Schaaf,  
noted theologian. It was during his  
pastorate that the name was erected.  
Dr. Schaaf left Westminster in the  
summer of 1897 and was succeeded by  
Dr. Charles M. Brown.

Soon after Dr. Brown took charge of  
the work a building committee was  
named, with Frank Elliott as chair-  
man, and the following members:  
Ensley Moore, then president of the  
board of trustees, John A. Ayers, Scott  
Russell, Robert Stevenson, John R.  
Robertson, and James G. Capps. The  
ground for the present building was  
broken July 1, 1900, with Miss Louisa  
Jones turning the first spadeful of dirt.

Miss Moore traced the remaining  
thirty-five years of history in detail  
through the pastorates of Leonidas H.  
Davis, Edward B. Landis, Thomas W.  
Smith, Hodson J. Young, Frederick B.  
Oxtoby, and William C. Meeker, the  
present pastor.

**The Sunday School**  
The anniversary program opened at  
9:30 a. m., with a celebration in the  
Sunday school. Mrs. Nellie Gunn pre-  
sented the history of the school, as-  
sisted by other members of the school  
with readings and reminiscences. Mrs.  
Gunn found 65 record books of the  
school. Those missing seemed to be  
mostly during the 1870's. She stated  
that the school has had 17 superin-  
tendents, the first being M. P. Ayers.  
The present superintendent is W. J.  
Brady. One of the record books con-  
tains articles on "Why I Believe the  
Bible," and "The Definition of a Good  
Sunday School."

Reminiscences of the school were  
given by Mrs. George Guthrie, wife of  
a former superintendent and herself  
one-time treasurer of the church. Mrs.  
James Miller, Dr. Landis and Dr.  
Brown. During his pastorate Dr.  
Landis had a class of forty young  
people in the school.

The next service was the regular  
church meeting, with the anniversary  
sermon by Dr. Charles M. Brown. The  
responsive reading was from the 11th  
chapter of Hebrews. Dr. Landis of-  
fered the prayer. Dr. Meeker read  
letters from the four living pastors of  
the church who were unable to at-  
tend the ceremonies: Dr. David S.  
Schaaf of Washington, D. C., who is  
now more than eighty years of age;  
Dr. Thomas W. Smith of Hibbing,  
Minn., whose grandfather was one of  
the founders of the church; Dr. Leon-  
idas H. Davis of Hollywood, Cal., and  
Rev. Hodson K. Young.

**Decorations Beautiful**  
Decorations of the church, were  
most beautiful, consisting of flowers,  
plants and vines. A memorial bouquet  
from the daughters of the late George  
Rogerson, was a feature of the decora-  
tions. Music for the day was fur-  
nished by the Westminster choir and  
instrumental accompaniment supplied  
by Mrs. Benton C. Nelms, violin; Mrs.  
J. Edgar Martin, piano, and J. Philip  
Read, organ, and was most appro-  
priate, beautiful and well rendered.  
The choir is supplied with music thru  
a fund given by Ruth Waggoner in  
1899. The choir is under direction of  
Miss Anslie Moore.

**The Sermon**  
Dr. Brown drew his text from the  
first chapter of Philippians, verses 9  
and 10, in which Paul prays for the  
church that it may abound in all good  
things, especially in the cultural in-  
heritance from Christ and the teach-  
ings of himself and other Christian  
leaders. The Philippians needed this  
admonition because they were sur-

# Woman Wounded by Son Rallies From Effect of Bullets

**Aged Jersey County Woman  
Attacked by Son, Who  
Then Ended Life**  
Jerseyville—Hopes were held yester-  
day for recovery of Mrs. Malinda  
Mackeldon, 79, who was shot four  
times Saturday by her son, John  
Mackeldon, while he is believed to  
have been deranged. The son ended  
his own life with the same gun from  
which he fired a volley at his aged  
mother.

None of the bullets that struck Mrs.  
Mackeldon hit a vital part, although  
she has a serious wound on her head.  
Her condition this morning at the  
Jerseyville hospital was reported en-  
couraging.

Mrs. Mackeldon was wounded about  
2 o'clock Saturday afternoon, and help  
did not reach her until four hours  
later. She remained hidden in the  
weeds at the side of a road near her  
home, afraid that her son would re-  
turn.

The body of the son later was found  
by searchers in a corn field not far from  
the Mackeldon home, four miles west  
of Jerseyville. Sheriff Floyd Darr of  
Jersey county, said a rifle was by the  
man's side and that he apparently  
committed suicide.

The aged woman was conscious,  
and told officers the story of the  
shooting, although she was wounded  
in the head, left hand, right shoulder  
and right hip.

"I had gone to feed the hogs some  
corn," she said. "When I returned my  
son was standing at the corner of the  
house with a rifle. I'm going to end it  
all for both of us," he said. "I'm going  
to kill you and then I'll kill myself."  
Then he fired.

"I ran and he ran after me, con-  
tinuing to fire. I reached the high-  
way, ran 150 yards along it and fell in  
the weeds. I feared to call for help  
because he might come and shoot me  
again."

Neighbors found her about four  
hours after the shooting.

Friends and relatives said the son  
had been in failing health. His wife  
died a week ago. He formerly was  
employed in St. Louis.

**THE YOUNG PEOPLE**  
During the Christian Endeavor  
service in the evening Miss Catherine  
Barr gave a brief history of the  
society, which was one of the first  
Endeavors to be organized after Dr.  
Francis Clark founded the movement  
in 1881. The local Westminster and  
congregational societies were orga-  
nized in 1882 by Dr. Morton and Dr.  
Butler, the latter being a close friend  
of Dr. Clark.

Dr. Landis and Dr. Brown gave  
reminiscences of the society. Dr.  
Landis told of the flourishing work  
among young people carried on dur-  
ing his pastorate. It was brought out  
that many young men and women  
from the church advanced to the  
ministry and missionary service. Dr.  
Landis said he was in possession of  
the church World War service flag,  
which he regretted that he could not  
bring to add to the historical collec-  
tion, as it was packed away among  
his books.

The pageant closed the anniversary  
program. Miss Catherine Barr had  
a class of children on the platform,  
to whom she showed scenes from the  
church history. Young people dressed  
in the costumes of 1860 talked of  
the building of the first brick church.  
A little model of the church and  
the "little white schoolhouse" that  
stood on a corner of the lot and was  
the scene of inspiring young people's  
prayer meetings, was unveiled on the  
platform. The model was prepared  
by Charles Bayless.

In the dialogue among the children  
much church history was related. The  
children of 1900 also appeared in cos-  
tume and talked of the present  
church, then a new building. It was  
brought out that the bell which is  
still in use, was placed in the old  
church in 1866.

## Meredosia H.S. to Have Busy Month

Oct. 20—Sophomore program.  
Oct. 30—School party.

The juniors entertained at the high school Wednesday evening at the school building. Refreshments consisted of doughnuts and sweet cider. The cider was made by the junior boys out of the apples furnished by Armin Pricke. The junior girls baked the doughnuts.

The students of the entire school system were given an opportunity to see pictures of Hawaii accompanied by a lecture and to hear Mr. VanBuren sing, yodel, and play his Hawaiian guitar at the H.S. auditorium Wednesday at 11:15 a.m.

In adherence to the request of Governor Homer that a program of fire prevention be conducted in every school, the various classes appointed representatives to give talks on fire prevention. Herbie Hyatt cautioned the assembly about preventing fires around the home. Byron Wilker gave a three-minute talk on how to prevent fires on the farm. Phyllis Perry related the way fires were combated in Meredith.

### Grade School Notes

The grade students have started on their second month of the school term with an enrollment of 207. The teachers have the following number: Miss Bernice Skinner, 37; Miss Frederica Schmitt, 43; Miss Laura Deppe, 46; Miss Allene Unland, 47; and Howard Edlen, 34. About 20 per cent of the pupils are doing honored work. The teachers feel that this number can be increased by cooperation from the parents. Without this the desired goal cannot be reached since there is such a large enrollment.

The following are averages for September:

First grade—No pupils.  
Second grade—"A," Lena Inman, Henry Meyers; "A-," Phyllis Ruyie, Carlene Yates, George Dennis, John Alhorn, Robert Cavalier, Bobby Dale McCarty, Violet Easley, Elsie Mae Allen, Josephine McDannald.

Services Held Here Sunday for Dentist Who Died in Miami Accident

Memorial services for Dr. O. B. Sawyer, prominent retired dental surgeon of this city, were held Sunday afternoon at the Reynolds Funeral Chapel, in charge of the Jacksonville Elks Lodge. The rites were largely attended by friends of Dr. Sawyer, who was a member of the dental profession for more than fifty years.

Dr. Sawyer was killed by an automobile last week in Miami, Fla. where he was spending the winter. The remains arrived here Saturday.

Daniel T. Cloud, exalted ruler of the Elks Lodge, officiated at the memorial services, assisted by other lodge officers including Charles E. Joy, Joseph Thompson, E. R. Franklin, Denham Harney and Dr. Joseph Knight.

Music was furnished by a quartet composed of Howard Potter, first tenor; Harry Bray, second tenor; Arthur Samme, baritone; and Wayne Carter, bass, with Mrs. Ralph Hutchinson at the pipe organ.

The remains were taken to Diamond Grove and entombed in the mausoleum, the casket bearers being Robert Birnbaum, Dr. Charles E. Colson, Fred W. Brockhouse, John Hagel, J. C. Wood, C. E. Rousey, A. D. Arnold and Dr. A. E. Obermeyer.

GRAY CLUBS IN SCHOOLS OF CITY

Gray clubs for girls were organized under the direction of the Jacksonville Y.M.C.A. in four of our grade schools during the past week. The girls in the Franklin school will have their first meeting next week.

The activities will be quite similar to those of the boys' Gray clubs, which have been a part of Y.M.C.A. activity in the local school for the past several years. A number of tentative plans for fall activities were made at the meetings this week.

The leaders of the clubs will be MacMurray College students. Each club will also have a school teacher as its sponsor. The leaders from the college will be Dorothy Jane Scott in Jefferson and Washington schools, Mary Margaret Duckett in Lafayette and Franklin, and Ruth Kendall in South Jacksonville. Miss Kendall will also lead one of the Camp Fire groups. Brownie McFarland, also of MacMurray, will also direct a group of South Jacksonville school girls in their athletic program.

## Hog And Cattle Prices Lower

Chicago, Oct. 14.—(P)—Greatly increased receipts forced hog and cattle prices lower today.

Hogs closed 10 to 15 cents off and in spots earlier in the day as much as 25 cents down. The run of 15,000, a third of which was direct to packers, was the most liberal supply for one day in more than three months. The top declined to \$10.00 while the bulk of medium weight hogs sold at \$10.65 to \$10.80.

The bulk of fed steers and long yearlings were 25 cents lower and in places off more on medium to good grade steers weighing 1,100 pounds and better. The supply of 26,000 was the largest of the season here. The extreme top for fed steers was \$13.00.

On paper most slaughter lambs showed losses of 25 to 50 cents, but considering the extremely plain quality, the market was around steady to 25 cents lower. A few best native lambs sold to small killers at \$9.50.

## CASH WHEAT MARKET

Chicago, Oct. 14.—(P)—Cash wheat was unchanged to 2 cents lower today, the latter for poor grades. Winnipeg messages reported export business thin. Receipts here were 53 cars; shipments 3,000 bushels; booked to arrive 6,000 bushels.

Corn was unchanged to 1 cent lower. Receipts were 204 cars; shipments 47,000 bushels; booked to arrive 40,000 bushels old and 42,000 bushels new.

Oats were unchanged to 1 cent lower. Receipts were 91 cars; shipments 12,000 bushels.

## Wheat Prices Take Tumble

By John P. Boughan  
Associated Press Market Editor

Chicago, Oct. 14.—(P)—Rome reports of willingness of Mussolini to discuss terms of peace went hand in hand with wheat market tumbles today.

From start to finish, wheat values were on the downgrade, with beneficial rains in Argentina giving added momentum. Persistent liquidating pressure on the part of eastern speculators formed a notable feature.

Wheat closed weak at the day's bottom level, 13-24 cents under Friday's finish, Dec. 102 1/4, corn 1-4 off, Dec. 59 1/2, oats 1-4 off, and provisions at 5 to 15 cents decline.

Contributing to wheat market weakness was notice taken that overseas sales of Canadian wheat to date, at least the amounts made public, were disappointing. Wheat bears made much, too, of possibility of a change in Canada's selling policy as a result of elections. Liquidating pressure here was augmented by cables that Argentine rains were continuing, and that if the weather remained favorable Argentine wheat could raise 150,000,000 bushels of wheat this season.

## Board Of Trade Reduces Margins

Chicago, Oct. 14.—(P)—By a heavy majority, board of trade members today voted to reduce margin requirements on grain transactions and restored trading in daily indemnities.

Amendments to the rules calling for these and other changes were adopted by a 580 to 37 vote. The changes in the rules are expected to broaden the trade.

Present minimum margins call for a straight 10 per cent of the transaction involved, but under the new rules to go in effect immediately, the margin would correspond with clearing house requirements on hedging and spreading trades and would be 150 per cent of the same on all other transactions.

Clearing house requirements are 4 cents on wheat, rye and barley, 3 cents on corn and 2 cents on oats.

The trading in indemnities will begin at 1.30 p. m. Wednesday, 15 minutes after the close of the market. Daily trading for one half hour will be permitted.

## Stock Market Has Brighter Outlook

New York, Oct. 14.—(P)—New highs for 1935 in the industrial section and a modest recovery by railroad issues gave the stock market a bright outlook today.

The Associated Press industrial average closed 0.9 of a point higher at 69.5, a new high for the year, while the average of 60 stocks braced up 0.6 of a point to 50.1. A total of 1,307,990 shares changed hands compared with 2,074,862 on Friday.

Brokers said the generally favorable tone of business news stimulated the demand for industrials. Rail shares perked up after early eadness owing to the indications of higher loadings contained in early reports.

The buying of industrial equities was marked by a particularly brisk demand for the so-called specialties. Net gains among the favored shares ranged from 1 to 4 or more points.

Chrysler was heavily bought and jumped to 31 to close at 31 1/2, a new high since 1929. General Motors ran up 1 1/2 to close at a new recovery top of 48 1/2.

## JACKSONVILLE MAN HELPS UNEARTH INDIAN RELICS

### Skeletons, Pottery and Arrow Heads Found in Large Mound

"Let's go out and dig up a skeleton or two," Louis Lovine, Pike county farmer, said to C. H. Swaby of this city Sunday afternoon. Swaby and his family were guests at the Lovine farm.

Armed with a couple of shovels, the men went to a large mound a short distance from the house. Within fifteen minutes they had unearthed several skeletons, pottery, arrow heads and other trinkets belonging to a race that lived hundreds, perhaps thousands of years ago.

Mr. Swaby and his son, William, were new in the role of archaeologists. But they realized the importance of their discoveries, and worked carefully with shovels to preserve many of the larger bones.

Mr. Swaby returned to Jacksonville Sunday night with a box filled with the remains of the mound builders—portions of skulls, teeth, jawbones, leg bones and ribs. In addition to these, he has several arrow heads and other articles of flint.

Digging up Indian relics, if they can rightfully be called Indians, is not new to Mr. Lovine, who owns a farm 21 miles southwest of Hull in Pike county. On numerous occasions he has found skeletons and pottery, and has a large collection in his home.

The mound has never been explored by recognized authorities on archaeology.

Mr. Swaby reports that he found the skeletons under only 18 inches of earth in sandy loam. The skeletons

## The GOLDEN FEATHER by Robert Bruce

Evelyn said, "Lanning called. He got a buzz from downtown. . . . Somebody's going to be looking for Sandy at the Golden Feather tonight."

Acme Box Company's payroll that day last week.

Larry looked up with new interest in his eyes; but all he said was "Well, you know what those descriptions are like—you could pinch most anybody on 'em."

"Well, I know," said Hagan. "It's not only that. Far as that goes, he fits it: 'Six feet one or two, light haired, tanned complexion, broad shoulders'—but that isn't all. . . . D'you know about that stickup?"

Larry shook his head.

"Just an ordinary stickup," said Hagan, with the air of one to whom robbery is no novelty. "Friday evening is payday at the Acme plant, and every Friday afternoon the cashier gets his driver and drives over to the 106th street branch of the Dover Trust Company and gets the dough—it runs to about \$2000. Don't ask me why they didn't have an express company deliver it with an armored truck. They just didn't."

"Anyhow, last Friday a touring car crowds this cashier's driver over to the curb as he's on his way back to the plant. It's broad daylight, but it happens on one of those deserted streets back of the freight yards there and there's nobody to see. A young fellow gets out of the car, sticks a gun in the cashier's face, and takes the money before you can say 'Boo.' Then he gets back in the touring car and his buddy, at the wheel, gives her the gas, and that's all there is to it."

"Well, what I happened to do was to think of it this. The cashier
